Curriculum Write Up!

Creative Curriculmn – Bread Study – 4 weeks long

Week 1 – Objective: What is bread?

Book: Crazy Pizza Day

Week 2 – Objective: How is bread made?

Book: Cupcake

Week 3 – Objective: What can we make with bread?

Book: Amazing Wheat

Week 4 – Objective: Who works with bread?

Book: Crumbs

Summary: This study will support children's natural tendancy to examine, taste and explore breads of all kinds. We will investigate the characteristics of bread, make predictions about how bread is made and experiment with materials used to bake bread throughout the month. This study will allow the class time to expand in skills such as math, literacy and science. Our Bumble Bee class loves learning and snacking. Why not take this as an opportunity to do both.
